# Introduction

I volunteered for TSC for several years, helping them with AV and production (mostly in 2015-2017). They do several events each year, such as 23 Nisan and 10 Kasim ceremonies, and several presentations/lectures as well.

I'll try to provide links to recordings of some of the events here. While the links may be on YouTube, I don't want to make the videos public for copyright reasons or being targeted by random bots. Hopefully, linking them directly here serves as a buffer, since only those looking for it will probably check.

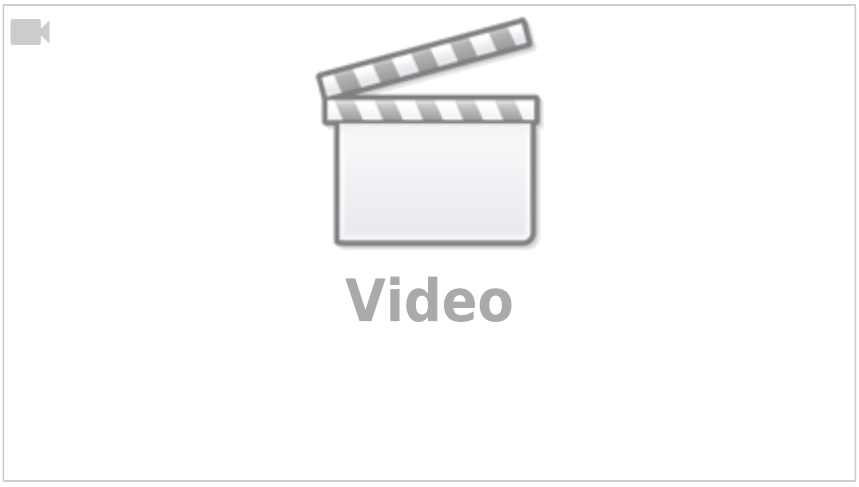

# 10 Kasim

Ataturk memorial ceremony. Usually a 20 minute ish theatrical performance by TSC volunteers, then a history based lecture on various topics.

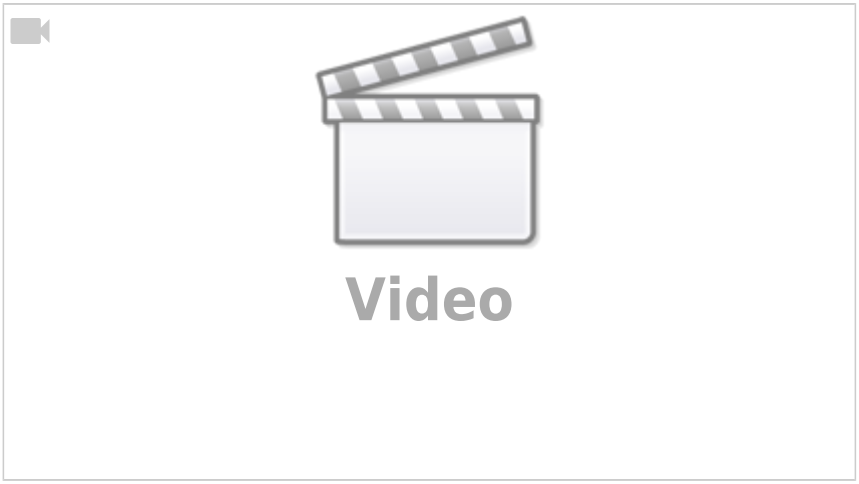

Historically, I have helped with the lighting setup and media.

I have recordings for 2015/2016 when I brought a camera along. Please don't publicly distribute these, and enjoy them for educational purposes to learn more about history, etc.

# 23 Nisan

International childrens day celebration. Generally at NPS in Toronto.

I have helped with the sound and music setup. I think I livestreamed the 2016/17 show on the TSC YouTube channel (albeit at questionable quality over a 500k 3G hotspot)
